

THE GRASSLAND SOCIETY OF NSW INC.

**A unique blend of people with a common interest in developing
our most important resource - our Grasslands**

The Grassland Society of NSW was formed in March 1985. The Society has approximately 500 members and associates, 75% of whom are farmers and graziers. The balance are agricultural scientists, farm advisers, consultants and executives or representatives of organisations concerned with fertilisers, seeds, chemicals and machinery.

The aims of the Society are to advance the investigation of problems affecting grasslands husbandry and to encourage the adoption into practice of results of research and practical experience. The Society holds an annual conference, publishes a quarterly newsletter, holds field days and is establishing regional branches throughout the State.

Membership is open to anyone interested in grassland management and the aims of the Society. All members are invited and encouraged to contribute to our newsletter by sending their article or letter to the Editor, Carol Harris, email: carol.harris@industry.nsw.gov.au.
